Sharon Whiting - Homestay

We have loved being a homestay family for the last two years and have had boys and girls from different countries. We enjoy learning about other cultures, especially food! We like teaching our students about our culture and getting them involved with activities at the weekend. Vincent is a great teacher and has always enjoyed spending time doing different activities. We always sit around the dinner table in the evening and discuss the students' day at school, what they have learnt etc.

Necia McBride - *Homestay*

We really enjoyed hosting an international student. Christin was active and liked to get involved in our family. We did many things together and we really liked showing her a real 'kiwi' experience. We rode horses, went to the snow and spent time at the beach and lakes. It was lovely to learn about another culture. We now have a close bond and we are looking forward to visiting them one day. It was a very special experience and Christin is now a part of our family.
